To Grace Communion Seminary:

I am asking you to evaluate the attached information as evidence that I have attained graduate-level learning in homiletics. I am asking for three units of credit. This topic is in the Christian ministry category, and since GCS does not have a course in these topics, I want to use these units as electives as I work toward the Master's degree.

As you can see in the attached documents, I have considerable experience in homiletics, since I have been giving sermons in my church for more than ten years. I will comment more about what I've learned in later documents.

Thank you for taking the time to review these materials, and thank you for offering credit for things we have already learned. This will help me complete the degree a little sooner!

I certify that I have had these experiences, and have written all materials myself.

Sincerely,

Duane Morris  
Associate Pastor,  
NewLife Church, Elko, NV
